

## **Coach Bio – Darcy Herring**

I have been involved in the sport of Figure Skating for 25 years – first as an athlete and then as a coach (although I can still be seen skating competitively as a member of an adult synchronized skating team).

My goal as a skating coach is to help each skater realize their potential while having fun on the ice. I have experience coaching skaters from the age of 2 ½ to 64! – Everyone can find fun on the ice.

I am NCCP level 1 certified and hold a valid first aid certificate and police clearance check.

Happy Skating
